

## ONLINE PARENT COACHING FOR SOCIAL COMMUNICATION WITH ZOOM

### Project ImPACT

In this 6-week program, led by **Licensed Speech-Language Pathologist, Board Certified Behavior Analyst, and Licensed Psychologist**, parents will learn how to improve their young child's communication, play, and social connection in the comfort of their own home with Zoom for Healthcare, a HIPAA compliant video conferencing software. Parents will be coached in:

- Setting up your home for success
- Following your child's lead
- Adjusting your communication
- Increasing back and forth interactions
- Teaching new communication skills

#### Includes:

- Weekly Webinars
- Weekly Individual Coaching Sessions
